February 5, 2024

Dear Friend,

When God is at work, everyone can get involved, if they want to. He inspired all Scripture so we can know Him and seek His righteousness. He will help us not sin if we acknowledge it and ask for His help. Bible Foundation has helped get Scripture into hands and hearts since 1987. Many thousands of individuals and ministries gather, transport, and distribute Bible materials.

One of the many ministries we help with Bible materials is in India. They have residential and training programs. They recently graduated 345 students from their Skills Training Institute. Through their work, people are coming to Christ and lives are being transformed. God is at work through people, using HIS WORD.

Another ministry we help in the USA has a webcasting ministry around the world and mails Bible materials. One pastor in Uganda wrote to them saying he gave a study Bible to a police officer and it would be used for devotions at the police station and they were so excited.

Four pastors we have been working with in Ghana West Africa have a shipping agent in the USA and we have been able to provide a lot of Bible materials. They have seen many hundreds of people come to faith in Christ and the people have been learning skills and establishing businesses and creating jobs, to the glory of God.

We keep seeking God for wisdom to understand His word and how to please Him more and doing what we can with what we have and encourage everyone to do the same. God keeps blessing. We recently received a donation of \$6,000.00 for Bibles and postage. What an incredible blessing. Rejoice with us that God's word will go forth around the world.
